

COMPLAINT PBRC004

2/21/2020 14:35:01

[email address redacted]

Susan da Silva

Anonymous: No

Why do the rules posted on the Pacifica website say that the LSBs can have their own Carts saying why they voted NO? I was in court. The judge clearly said that everything that goes out needs to be approved by both sides. Many LSB members have changed their minds, and in any case, minority opinions should count. The judge agreed that the rules were unfair. They need to come down. The reason there are three inspectors is to prevent one inspector from making arbitrary decisions about what goes on the air.

Election Inspectors Response: The complaint is valid as the suggested LSB carts violate the spirit of a fair election. This rule has been removed from the website and any LSB carts have been ordered to be removed from broadcast.
