

COMPLAINT PBRC013

3/2/2020 11:48:58

[email address redacted]

Sherry Gendelman

Anonymous: No

It is a violation of election fairness to ignore, and actually fail to ask, the proponents to select their spokesperson for the debate(s). It violates the specifics and tenor of the Court's order. We have been notified that we were not only not asked to identify our spokesperson but that an email went out to people not identified as members of the proponents' group. We have copies of those emails. Please communicate to our group directly through me, Sherry Gendelman

Election Inspectors Response: The complaint is premature and misinterpreted previous correspondence. Proponents are allowed to designate their spokespersons in the NES-organized debates. No action taken.
